This year for my birthday I'm asking you to join me in supporting Helping Paws. Every day Helping Paws service dogs move beside people who need them, handling tasks such as picking up dropped keys or turning on light switches. For someone with a physical disability or a veteran with PTSD, these service dogs ease the cares and provide the freedom to live each day as fully as possible. I can't think of a better way to celebrate my birthday than to know we helped train such a dog and change a life.
